

INFORMATION ABOUT OUR USE OF COOKIES

Our website www.breakwaterit.co.uk uses cookies to distinguish you from other users of our website. This helps us to provide you with a good experience when you browse our website and also allows us to improve our site. By continuing to browse the site, you are agreeing to our use of cookies.

A cookie is a small file of letters and numbers that we store on your browser or the hard drive of your computer if you agree. Cookies contain information that is transferred to your computer's hard drive.

We use the following cookies:

- **Strictly necessary cookies.** These are cookies that are required for the operation of our website. They include, for example, cookies that enable you to log into secure areas of our website, use a shopping cart or make use of e-billing services.
- **Analytical/performance cookies.** They allow us to recognise and count the number of visitors and to see how visitors move around our website when they are using it. This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.
- **Functionality cookies.** These are used to recognise you when you return to our website. This enables us to personalise our content for you, greet you by name and remember your preferences (for example, your choice of language or region).
- **Targeting cookies.** These cookies record your visit to our website, the pages you have visited and the links you have followed. We will use this information to make our website and the advertising displayed on it more relevant to your interests. We may also share this information with third parties for this purpose.

You can find more information about the individual cookies we use and the purposes for which we use them in the table below:

Cookie	Name	Purpose	More information
gtag.js and analytics.js	_ga	Used to distinguish users.	
	_gid	Used to distinguish users.	
	_gat	Used to throttle request rate. If Google Analytics is deployed via Google Tag Manager, this cookie will be named <code>_dc_gtm_<property-id></code> .	
	AMP_TOKEN	Contains a token that can be used to retrieve a Client ID from AMP Client ID	

<p>ga.js</p>	<p>__gac_<property-id></p> <p>__utma</p> <p>__utmt</p> <p>__utmb</p> <p>__utmc</p> <p>__utmz</p> <p>__utmv</p>	<p>service. Other possible values indicate opt-out, inflight request or an error retrieving a Client ID from AMP Client ID service.</p> <p>Contains campaign related information for the user. If you have linked your Google Analytics and AdWords accounts, AdWords website conversion tags will read this cookie unless you opt-out.</p> <p>Used to distinguish users and sessions. The cookie is created when the javascript library executes and no existing __utma cookies exists. The cookie is updated every time data is sent to Google Analytics.</p> <p>Used to throttle request rate.</p> <p>Used to determine new sessions/visits. The cookie is created when the javascript library executes and no existing __utmb cookies exists. The cookie is updated every time data is sent to Google Analytics.</p> <p>Not used in ga.js. Set for interoperability with urchin.js. Historically, this cookie operated in conjunction with the __utmb cookie to determine whether the user was in a new session/visit.</p> <p>Stores the traffic source or campaign that explains how the user reached your site. The cookie is created when the javascript library executes and is updated every time data is sent to Google Analytics.</p> <p>Used to store visitor-level custom variable data. This cookie is created when a developer uses the <code>_setCustomVar</code> method</p>	
---------------------	--	--	--

		with a visitor level custom variable. This cookie was also used for the deprecated <code>_setVar</code> method. The cookie is updated every time data is sent to Google Analytics.

Please note that third parties (including, for example, advertising networks and providers of external services like web traffic analysis services) may also use cookies, over which we have no control. These cookies are likely to be analytical/performance cookies or targeting cookies.

You block cookies by activating the setting on your browser that allows you to refuse the setting of all or some cookies. However, if you use your browser settings to block all cookies (including essential cookies) you may not be able to access all or parts of our site.

Except for essential cookies, all information relating to cookie expiry can be found here <https://developers.google.com/analytics/devguides/collection/analyticsjs/cookie-usage>.
